- HighLine™ Pedestals

BISLEY

Imaginative, innovative interiors
need careful consideration.
Specify the most comprehensive
and adaptable range of system
storage and make your design work
harder. Numerous height, width
and closure options plus an
extensive range of internal fittings
provide the flexibility you need.

This Specifiers Guide provides a
range of pre-configured cabinets as
well as the information necessary to
specify individual requirements.

safety warning

All mobile pedestals fitted with a file drawer should include either a 5th castor or a counterbalance
A counterbalance should be specified for all mobile pedestals fitted with two file drawers
All freestanding pedestals not linked to a workstation and fitted with one or more file drawers must include a counterbalance

notes & safety warnings

- It is recommended that all cabinets below 1300mm high which include pull-out elements, should be fitted with a counterbalance.

- See next page for closure options, these are always specified from the top down.

- All combination units over 1600mm are automatically supplied with a Tie Bar Shelf which is included in the price of the carcase. Tie Bar Shelves are fitted in the top half of the carcase as close as possible to the centre.

1&2 width

10 = 1000mm wide

3 Type of Unit

C = combination unit

4&5 internal height

4 - number of major increments (304mm)
5 - number of minor increments (38mm)

1100mm wide combination units
These units create a high-density solution for A4 suspension filing. The 1100mm wide units allow, when using a pair of piggy back cross rails, three rows of front facing, A4 suspension filing, thus increasing the drawer capacity by 0.38m linear (1.52m linear for a four drawer unit) at a footprint cost of 0.047m2.

DeskSpace™

Two new versions of LateralFile addressing storage needs at and around the desk, supplementing the already extensive range of pedestals, Towers and Bite units. One at 600mm wide is used at right angles to the desk to extend the work surface (offering two filing drawers plus a stationery drawer at 76mm deep) and the first desk high unit offering two rows of A4 vertical filing** in either two door, open front or tambour options. At 800mm wide these units are ideal desk supporting storage.

cable management ──────────────────────────────────

A selection of cable management solutions is available for use with Bisley LateralFile cabinets. Designs for both the side and rear of cabinets enable cables to be safely-directed and hidden from view whilst maintaining easy access. Pricing for cable management solutions is available by project. Speak to your Bisley sales manager for possible configurations.

DockLock™ ────────────────────────────── 10.18 - price group ⑧⑧⑧

Replacement locks, code PDOCKLOCKP1 - Please note that DockLocks are not interchangeable with standard locks.

SoftClose™ door hinges ───────────────────── 10.19 - price group ⑧⑧⑧
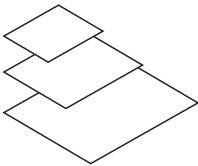

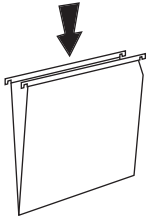

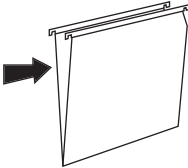

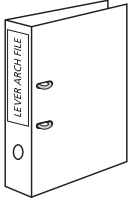

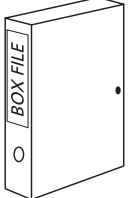

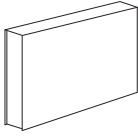

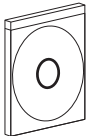

Available as a retrofit option to any BLF 'door' unit are SoftClose™ door hinges. Using a dampening device clipped onto the hinge, SoftClose™ prevents both doors slamming and doors remaining ajar by restraining and controlling the final degrees of closure. Code SFTCLDRHNGP1
Speak to your Bisley sales manager for possible configurations.

170° door hinges ─────────────────────────── 10.20 - price group ⑧⑧⑧
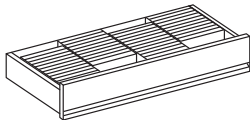

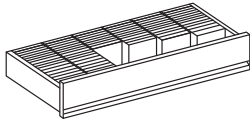

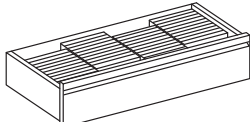

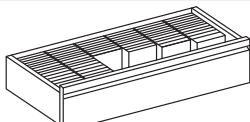

Available as both a standard and retrofit option to any BLF door unit, are 170° door hinges. These allow standard pull-out elements to be fitted.
(add '7' to front of code, see page 50 or BLF170HNG)

business card holders ─────────────────────── 10.21 - price group ⓰④

BISLEY

The powder coating used on the Bisley range of Office Furniture was developed specifically to give a fine textured finish, coupled with a high degree of abrasion resistance and physical characteristics required for Office Furniture, which is unobtainable with more conventional wet paint systems.

Please ask your Bisley Account Manager for metal samples to illustrate the finishes.

powder properties

Specific gravity:	1.4 – 1.8 gcm³
Curing schedule:	10 minutes at 180°C (metal)
Application method:	electrostatic

optical properties

Colour:	a range of matches to specified NCS, BS and RAL standards
Surface appearance:	lightly textured and defect free

mechanical properties

Substrate:	steel
Pretreatment:	zirconium phosphate
Film thickness:	35 - 45μ
Cross hatch (BS3900-E6):	GTO
Conical mandrel (ASTM D522):	6mm
Impact resistance (BS3900-E3):	25 kgcm
Hardness test (200gms,BS3900-E2):	pass
Hardness test (Pencil):	1H
Erichsen cupping (BS3900-E4):	4mm

corrosion properties

Salt spray (ASTM B117 at 35°C):	120 hours
Humidity (BS3900-F2):	240 hours
Water immersion (BS3900-F7 at 60°C):	240 hours
Pretreatment:	zirconium phosphate

GLOSSARY OF TERMS

closure	any type of cabinet closing device e.g. door/flipper/drawer
flipper	receding cabinet door
tie bar shelf	full-width, full-depth, fixed shelf used to strengthen cabinets
combination unit	cabinets able to accommodate a variety of closure types
counterbalance	safety weighting device e.g. used to offset 'toppling' force created by opening a loaded drawer
pull-out reference shelf	forward extending shelf used to hold documents temporarily
applied tops	decorative/functional elements fixed on top of low cabinets to match other work surfaces and improve durability

ADDITIONAL INFORMATION

counterbalance weight

Drawer units are fitted with an anti-tilt device, which prevents more than one drawer being opened at any one time.
A counterbalance is available as an optional extra. It is recommended that the counterbalance is fitted at the factory or
by an authorised distributor. A counterbalance is recommended for freestanding cabinets with pull-out elements under
1300mm high.

locks and keys

Each unit is supplied with two flexi-fob keys. The locks are from a 500 safe differs mastered series, suited keys and removable
barrels. Master keys and keys used to remove barrels, are only available to authorised personnel.

external plastic label

Title cards are supplied on a perforated sheet for printer use. Replacement/spare holders and cards are available, please specify
BLFCHA code.

levelling of base on uneven surfaces

On the inside of the unit are four holes, using a flat head screwdriver adjust the level of the unit, or by using a spanner adjust
from underneath the unit. The levelling base is only for use on uneven floors, and should not be used to increase the height of
the unit.

cleaning and care

We recommend you clean your unit with warm water and a mild detergent solution.
A damp cloth can be used to remove dust particles.

guarantee

Bisley LateralFile and Bite®, Towers and HighLine Pedestals guaranteed for 10 years, Integrated Pedestals for 5 years of normal use
against defects in materials and workmanship.

In accordance with our policy of continuous product development and improvement, we reserve the right to change the
specifications of products illustrated and described in the brochure without prior notice.

Bisley Office Furniture is able to offer a Repair Service for products requiring out of warranty maintenance or repair. If you
require the Repair Service please call Bisley Customer Services for a quotation - Tel: +44 (0)1483 485600.

replacement parts

Contact your nearest authorised dealer, who will examine the faulty part and arrange for a replacement to be fitted.
Do not attempt to remove or replace parts.

dimensions and weights

All dimensions shown are nominal. Always load units from the bottom up. Weights stated are the recommended maximum,
for your own safety, ensure they are not overloaded. Please see next page for details.
Contact your authorised distributor for exact dimensions if you intend to fit non Bisley applied tops.
Contact Bisley or an authorised dealer for a list of recommended brands.

IMPORTANT SAFETY WARNINGS

Bisley Office Furniture products are designed and manufactured to the highest standards

All products are supplied with a Safety & Care leaflet, which contains the manufacturers recommended evenly distributed load bearings and drawer loadings (see above for details)

For your safety:

1. Ensure unit is level by using the adjustable glides prior to use

2. Always load from base up. (Reverse this procedure for unloading)

3. Load each section evenly, ensuring that recommended maximum evenly distributed load bearings and drawer loadings are not exceeded (see above for details)

4. Ensure accessories or drawers are not stood or leaned upon

5. Units with drawers are fitted with an anti-tilt device, which prevents more than one drawer being opened at any one time

6. Fixing holes can be applied to units for securing to walls or each other
   A counterbalance is available as an optional extra and is recommended for all freestanding cabinets under 1300mm high (which include pull-out elements).

7. Do not attempt to re-configure the unit without first consulting the manufacturer, the manufacturer's agent or an authorised dealer, this could affect your guarantee

8. Pull-out fitments must only be fitted in the lower half of any Bisley unit

GENERAL TERMS AND CONDITIONS

Guarantees & Service
All Bisley products are guaranteed to cover all defects in materials and workmanship. For details of specific guarantee periods against each product check for up to date information on our website www.bisley.com

Conditions
1. The guarantee is only valid with the customer's original invoice or proof of purchase (indicating the date of purchase, product type and dealer's name).
2. The guarantee does not cover damage resulting from misuse, neglect, or accidents and applies when the product is used during normal office hours. Where the product is used for periods which exceed normal office hours the guarantee is valid for eighteen months. (maximum 45 hours per week)
3. Failure due to fair wear and tear is specifically excluded.
4. This guarantee is not transferable and can only be exercised by the original purchaser and is only applicable to the UK Mainland.
5. Please arrange for the product to be returned to your Dealer for repair unless otherwise agreed.

The following notes for your (Dealer) guidance will be helpful:-
1. Please ensure your customer has proof of purchase, this will be required for in-guarantee repair.
2. If the furniture requires in-guarantee repair contact Bisley Customer Services and ask for a Service Request Form.
3. Should the furniture require repair out of guarantee contact Bisley Customer Services for a Repair Request Form.

Repair Service (dealer advice)
Bisley Office Furniture is able to offer a Repair Service for products requiring out of guarantee maintenance or repair.
If you require the Repair Service please call Bisley Customer Services for a quotation.

Replacement Keys
To order replacement keys please contact:
Lowe and Fletcher - 0121 505 0400, with details of your product type, key series no. (available from Bisley Sales Office) purchase date and key/lock number.

Minimum Order value to dealer site
UK Mainland: £250
Northern Ireland and Scottish Highlands: £1500

Direct Delivery to end user site – UK mainland
FOC delivery for orders over £2500 in normal working hours (7am-5pm) Monday to Friday on 45 foot articulated vehicle.
Any requirements outside above times and vehicle size are subject to separate quotation – please contact Customer Service team to discuss your needs.

Order cancellation / delivery deferment
Any request to cancel an order placed to be made in writing. Cancellation costs will be advised based on following:
1. Product not scheduled for production: No charge
2. Standard product scheduled for assembly: quoted price less 50%
3. Special product scheduled for production and all product made awaiting despatch: quoted price

Any request to defer delivery from original request to be made in writing. Costs may be incurred and will be advised at time of enquiry.
